

Content Area: Preschool
 Grade Level: Preschool
 Period: Full Year

Course Overview:

The Preschool curriculum consists of six units: Getting Started, Changing of Seasons, Winter Exploration, Investigating the World, Spring into Action, and Preschool Scientists. Each unit covers holidays and events that will occur throughout the unit's duration. Each topic lasts 1-2 weeks and incorporates literacy, math, science and social studies content into activities and lessons. Each unit indicates when to cover specific letters, numbers, concepts, colors, shapes, and social skills relevant to the topics and studies.
